

Arts Appreciation Final Project

Name:

Notes:

	Exceeds Expectations	Meets Expectations	Below Expectations
Follows Instructions	The work not only includes required components but shows quality planning and attention to detail.	The work includes all required components and follows all directions.	The work is incomplete and/or does not follow all directions.
Organization and Neatness	The work shows planning, careful preparation, and thoughtful execution.	The work looks tidy and put together. There was some level of planning and care involved.	The work is messy, lacks planning , and is sloppily executed.
Imagination	The work shows creativity that connects with the components and elevates them to a more interesting and exciting level.	The work shows creativity that supports the ideas of the project.	The work does not have much creativity due to a clear lack of effort.
Cohesiveness	The work is connected to the other components of the project and they all support one another to improve the overall quality.	The work is connected to the other components of the project and they do no detract from one another's quality.	There is little thought in how the components go together. They seem disconnected.
